Southern 7 Health Department - Alexander, Hardin, Johnson, Massac, Pope, Pulaski & Union County	Yes	The Southern Seven Health Department (S7HD) COVID-19 Weekly Update is a registry that will be used to inform community partners and the general public of important updates related to the COVID-19 Vaccine availability in the Southern Seven counties. This includes the status of COVID-19 vaccination efforts, COVID-19 testing site information, and additional resources. Southern Seven may also contact you via email regarding COVID-19 vaccination opportunities based on your identified employment category (e.g., healthcare). Please note: completion of this form is not registration for COVID-19 vaccinations.	<a href="#">S7 COVID-19 Weekly Update Newsletter Sign-up Form (jotform.com)</a>
St. Clair County Health Department	Yes	St. Clair County Health Department is gathering data from individuals who live or work in St. Clair County that are interested in receiving the COVID-19 vaccine. By completing the Vaccine Notification Form, you will be added to a list to receive updates and notifications for the COVID-19 vaccine, which will include information on when you are able to sign up to receive your vaccine and how to sign-up for an appointment.	<a href="#">Vaccine Notification   COVID 19 Information   Health Department   Departments   St. Clair County Illinois (st-clair.il.us)</a>
Stark County		Please see Henry & Stark County Health Department information	
Stephenson County Health Department	No	Stephenson County Health Department has a limited supply of vaccinations. They will be rolled out in phases per IDPH direction. There is no registration form at this time, but the health department will keep the public updated of any changes via Facebook, newspaper & radio.	<a href="http://www.co.stephenson.il.us/health/data/SCHDCOV1DVaccine.pdf">http://www.co.stephenson.il.us/health/data/SCHDCOV1DVaccine.pdf</a>

Wabash County Health Department	No	Wabash County Health Department is wrapping up phase 1A and are awaiting for State approval to move into phase 1B. It is also important for the community to know that not everyone in phase 1B will be vaccinated immediately because of limited allocations of the vaccine to us from the State. Once they are permitted to move into phase 1B, they will notify the public about scheduled clinics via Facebook and the Media. Appointments are required and you must make the first dose appointment and second dose appointment at the time of the first dose.	<a href="#">(2) Wabash County Health Department-Public Health Services   Facebook</a>
Warren County	No	Warren County Health Department is currently in Phase 1a for the COVID-19 vaccine.	<a href="#">Warren County IL Health Department   Facebook</a>

Health Department	Is Registration Available?	Other Info	Link
Washington County Health Department	Yes	Vaccine continues to be given in Washington County for Phase 1A. Vaccine continues to SLOWLY roll through the state with allocations given based on population. In preparation for Phase 1b, WCHD will be contacting appropriate employers qualifying for Phase 1B. In addition, Phase 1B includes persons aged 65 years and older. WCHD is collecting names of WASHINGTON COUNTY RESIDENTS ONLY that fit this age group only. You may call the health department at 618-327-3644 to be added to the list. You will be asked for your birthdate and phone number. Due to high call volumes, you may also leave a message stating you wish to be added to the vaccine list and leave this information for staff to add you. Timing of scheduled appointments will be dependent on how much vaccine they get. Because vaccine is sent out based on population, you will also be asked to show proof of address when getting the vaccine.	<a href="#">(2) Washington County, IL - Health Department   Facebook</a>
Wayne County Health Department	No	Wayne County Health Department will soon be able to start vaccinating individuals identified in Phase 1b. Upon receiving the final specifics from IDPH the health department, we will announce on the WCHD Facebook page, our website <a href="http://www.wchdil.com">www.wchdil.com</a> , and local media outlets as to our drive-thru Covid-19 clinic dates and times as vaccine becomes available. We will also announce which individuals we will be prioritizing within Phase 1b during the scheduled clinics.	<a href="#">Wayne County IL Health Department   Facebook</a>
White County		See Egyptian Health Department information	

Health Department	Is Registration Available?	Other Info	Link
Whiteside County Health Department	No	At this time, Whiteside county is vaccinating individuals who are a part of the Phase 1a priority group. This includes individuals and volunteers in healthcare settings and residents of Long Term Care facilities. IDPH anticipates vaccination of Priority Group 1b will begin around the middle of February, however individuals should follow local media and our social media for updates.	<a href="http://whitesidehealth.org">COVID-19 Information (whitesidehealth.org)</a>
Will County Health Department	Yes	Will County Health Department has created a survey to register for the COVID-19 vaccine. After completing the survey and when it is your turn to be vaccinated (based on a phased approach, which includes phases 1a, 1 b, 1c, and 2), the Will County Health Department will contact you to schedule your vaccine appointment. .	<a href="#">Will County Health Department &amp; Community Health Center</a>
Williamson County		Please see Franklin-Williamson Bi-County Health Department information
