Adams County Health Department	Yes	The Adams County Health Department is currently in Phase 1B of vaccine distribution. They are vaccinating healthcare workers, Adams and Brown county residents 65+, first responders. If you would like to register for the vaccine call 217-600-4829.	Health Department Adams County, IL
Alexander County		Please see Southern 7 Health Department information below.	
Bond County Health Department	Yes	The Bond County Health Department is finishing up phase 1a and moving into phase 1b. The Bond County COVID-19 Vaccine Registry will be used to inform community partners and the general public of important updates and scheduling related to the COVID-19 Vaccine availability in Bond County. This includes the status of COVID-19 vaccination efforts. A representative of the Health Department will contact you by phone regarding COVID-19 vaccination opportunities and scheduling based on your identified employment category	https://www.bchd.us/
Boone County Health Department	No	Boone County is currently vaccinating phase 1a and individuals 65+, they will solicit registrations for target individuals in this Phase through the state's EMTracking system.	https://www.boonecountyil.org/
Brown County	No	Now vaccinating persons 65 years of age or older. Please call 217-600-4829 for an appointment. Vaccines are limited.	(2) Brown County Public Health Department Facebook
Bureau, Putnam and Marshall County Health Department	No	Bureau, Putnam & Marshall County Health Department has moved to phase 1b. They ask that you call to make an appointment in the county you reside in.	https://www.bchealthdepartment.org/

Health Department	Is Registration Available?	Other Info	Link
Calhoun County	No	<p>There has been an overwhelming response from Calhoun residents interested in receiving the COVID-19 vaccine. We just wanted to give an update on where things stand at this point. Unfortunately, at this time we are only receiving a limited supply with each shipment and must follow the guidelines set forth by the state of Illinois. That said, those 65 and older may call in to be placed on our list at this time. When vaccine is available, we will contact you to schedule an appointment. If you have already called in to place your name on the list, we ask that you please refrain from calling multiple times and wait for a staff member to contact you as soon as the vaccine is available. This will help us to keep phone lines open. When permissible to do so, we will begin working through the list. We thank you for your patience at this time and we understand and share your frustrations. Be safe and well!</p>	(2) Calhoun County Health Department Facebook
Carroll County Health Department	No	<p>The Carroll County Health Department is currently vaccinating Phase 1a eligible people for COVID-19. If you fit into the Phase 1a category, live or work in Carroll County, are over the age of 18 and would like a vaccine, please call the health department during business hours to either schedule an appointment or have your name added to our Phase 1a list.</p>	Carroll County Health Department (ccphd.org)

Health Department	Is Registration Available?	Other Info	Link
Cass County Health Department	No	<p>COVID-19 Vaccination Phase 1B Update! CCHD will begin vaccinating those 65 and older next week. If you are 65 and older and would like to be added to the list, please call 217-452-3057 x 1343. If you have already spoken with CCHD staff and are on the list, you do not need to call again. We will be contacting you soon! Please be aware, our vaccine supply is limited. Our ability to get through all of the groups in Phase 1B is dependent on the supply that IDPH gives us. Even if you have pre-registered, you may not be able to get vaccinated right away. Please be patient with us. It will take time to vaccinate everyone who is wanting a vaccine. If you have pre-registered, we WILL call you when we have a vaccine available for you. It is our goal to reach everyone who wants the vaccine so that we can begin to end this pandemic. We will be posting updates as we have them to our Facebook page, website and local newspaper.</p>	https://casscohealth.org/Coronavirus-Disease-2019
Champaign County Public Health Department	No	<p>Champaign County is still in the beginning phase of vaccine distribution. This includes healthcare workers, long-term care facility residents, persons 75+ and persons 65+ with underlying health conditions.</p>	Champaign County COVID-19 Vaccination Information - CUPHD (c-uphd.org)
Christian County Health Department	No	<p>Christian County Public Health Department (CCPHD) while coming to the completion of the Phase 1A vaccine rollout, will now transition into Phase 1B.</p>	http://www.christiancountyhealth.net/

Clark County Health Department	No	Clark County is currently vaccinating phase 1b. , our staff have been reaching out to schools, senior citizens, first responders, postal service workers, manufacturing plant and daycare workers to identify those who wish to receive the vaccine. The response from our senior citizens has been great and we are currently experiencing a large number of phone calls to be placed on a list for vaccination. These calls are being returned in the order of which they are received and an assessment completed which would identify age and underlying health issues that assist in prioritizing those in greatest need.	https://clarkhd.org/covid-19/
Clay County Health Department	No	Clay County Health Department has not moved on to phase 1b yet, but is expected to soon. Once they get notified of how many vaccines they will be receiving they will start taking appointments for the phase 1b group. Clay County has only received a small amount of vaccine, so it is difficult for them to schedule appointments.	http://www.healthdept.org/?fbclid=IwAR3qDp9xxoh7SZkwvr88G93FsnvhblGegKI5n5D0ptLm1dQGgWFXi8ILOPI

Clinton County Health Department	Yes	The Clinton County Health Department has established a DESIGNATED COVID VACCINE REGISTRATION AND INFORMATION LINE. Call 618-594-6622 to register for vaccination or for questions related to the vaccination. The Clinton County Health Department is completing the vaccination of priority group phase 1a, as designated by the Illinois Department of Public Health, and is moving, as supplies allow, into phase 1b. Phase 1a includes healthcare personnel, EMS, long term care and other identified congregate care. Phase 1b will include persons aged 65 and over, as well as frontline essential workers. Frontline essential workers include those essential for the functioning of society who are at highest risk of exposure. Examples include firefighters, law enforcement, postal workers, manufacturing, grocery store workers and Pre-K through 12 educators. This VACCINE LINE has been created to avoid bottlenecks at the department's main number. The health department asks that	https://www.facebook.com/ClintonCountyHealthDeptIL/

Peoria City/County Health Department	No	Peoria City/County Health Department, Tazewell County Health Department and Woodford County Health Department are collaborating with OSF HealthCare, UnityPoint Health, and Heartland Health Services to provide the COVID-19 vaccine to our residents. These healthcare systems have stepped up to vaccinate our 65+ population. Beginning January 18, these healthcare systems will begin reaching out to their patient base to schedule a vaccination appointment in the coming weeks. They will also be contacting and working with independent providers, and those without a primary care physician, to link them with scheduling a vaccination appointment in the coming weeks. Again, residents should refrain from contacting providers at this time; health systems will be reaching out directly to our 65+ population. Thank you to OSF, UnityPoint, and Heartland for joining us in this endeavor.	COVID-19 Vaccine Information Peoria City/County Health Department (pcchd.org)
Perry County Health Department	No	The Perry County Health Department is vaccinating by appointment only. At this time, we are completing 1a and transitioning into 1b. The PCHD is making appointments within the guidelines of the IDPH COVID-19 Vaccination Plan as we get each delivery.	Perry County Health Department - Home Facebook

Pike County Health Department	No	<p>– Pike County Health Department (PCHD) will receive another shipment of the Moderna COVID-19 vaccine this week. PCHD is following phased prioritization guidelines set forth by the Centers for Disease Control and Prevention (CDC), the Illinois Department of Public Health (IDPH), and the Advisory Committee on Immunization Practices (ACIP). Pike County residents, or those who work in Pike County, who meet Phase 1B guidelines are now eligible to receive the vaccine. Those in Phase 1B include people aged 65 years and older and frontline essential workers. Frontline essential workers include workers in the following categories: first responders, corrections, food and agriculture, postal service, manufacturing, grocery stores, public transit, education, and daycare. If you are a Pike County resident or work in Pike County and are age 65 and over, please call the health department at 217-285-4407 and use option 8 to leave your name, date of birth, and phone number. Appointments will be scheduled based on prioritization guidelines and available vaccine.</p>	78 (pikecountyil.org)

Richland County Health Department	No	Illinois will move to Phase 1b of COVID-19 vaccine distribution beginning Monday, January 18. Our office is currently developing strategies to maximize community distribution. Please be aware that not everyone in Phase 1b will be vaccinated immediately due to limited allocations of the vaccine from the State. Our office is working diligently to vaccinate individuals as safely and quickly as possible. We appreciate your patience with us.	COVID Vaccine 1B – Richland County Health Office
Rock Island County Health Department	No	Healthcare workers and those defined in Phase 1B bare eligible to receive the vaccine , with appropriate identification. RICHD leaders expect to have clinics at the auto auction most Tuesdays until every resident has an opportunity to take the vaccine through this phased approach outlined by the Illinois Department of Public Health. Masks and social distancing requirements will be enforced.	Rock Island County Health Department (richd.org)
Saline County		See Egyptian Health Department information	
Sangamon & Menard County Department of Public Health	No	Currently in phase 1b by appointment only. All available appointments are currently filled through February.	Home - Sangamon County Department of Public Health (scdph.org)

Schuyler County Health Department	No	Due to overwhelming calls at the Health Department asking to make appointments. We would like to clarify that we are not taking appointments for resident 65 and older at this time. At this time we are still administering vaccine to healthcare workers, First responders, EMS and Educators. Due to the unknown of vaccine supply, we will not be creating a list for future vaccine. But we will notify the public on our website, Facebook page and press releases when clinics and vaccine are available to administer.	(2) Schuyler County Health Department Facebook
Scott County	No	We are tentatively scheduling a COVID vaccine clinic, PENDING we receive our shipment of vaccine. These vaccines will be for age 65 and over, and people who are high risk. ** If you have not called our office to add your name to our list, please do so. 217-742-8203. Due to limited amount of vaccine at this time, we can only give to those people who are on the list.	Scott County Health Department Facebook
Shelby County Health Department	No	Currently Shelby County is vaccinating the phase 1a group. If you are a healthcare worker you can call 217-774-9555 to schedule an appointment.	217-774-9555

Southern 7 Health Department - Alexander, Hardin, Johnson, Massac, Pope, Pulaski & Union County	Yes	<p>The Southern Seven Health Department (S7HD) COVID-19 Vaccine Registry will be used to inform community partners and the general public of important updates related to the COVID-19 Vaccine availability in our Southern Seven counties. This includes the status of COVID-19 vaccination efforts, COVID-19 testing site information, and additional resources. Southern Seven may contact you by phone regarding COVID-19 vaccination opportunities based on your identified employment category (e.g., healthcare). Please note: completion of this form is not scheduling you an appointment for the COVID-19 vaccine.</p> <p>S7HD is working to prioritize vaccinations in alignment with the recommendations from the CDC's Advisory Committee on Immunization Practices (ACIP). Vaccination is by appointment only and dependent on vaccine supply. Vaccination prioritization will continue to change as COVID-19 vaccine supply increases in the coming weeks</p>	S7 COVID-19 Weekly Update Newsletter Sign-up Form (jotform.com)
St. Clair County Health Department	Yes	<p>St. Clair County Health Department is gathering data from individuals who live or work in St. Clair County that are interested in receiving the COVID-19 vaccine. By completing the Vaccine Notification Form, you will be added to a list to receive updates and notifications for the COVID-19 vaccine, which will include information on when you are able to sign up to receive your vaccine and how to sign-up for an appointment.</p>	Vaccine Notification COVID-19 Information Health Department St. Clair County Illinois (st-clair.il.us)
Stark County		Please see Henry & Stark County Health Department information

Stephenson County Health Department	Yes	Stephenson County Health Department has a COVID-19 vaccine survey. This form expressed your interest in receiving the vaccine and the health department will contact you.	https://hipaa.jotform.com/210135424533141?fbclid=IwAR0uRTim3QmkRdg_MwtD4zycKxa2sW98BCem7462ghC5iu2_zT3ZHbOMdaE
Tazewell County Health Department	No	<p>Peoria City/County Health Department, Tazewell County Health Department and Woodford County Health Department are collaborating with OSF HealthCare, UnityPoint Health, and Heartland Health Services to provide the COVID-19 vaccine to our residents.</p> <p>These healthcare systems have stepped up to vaccinate our 65+ population. Beginning January 18, these healthcare systems will begin reaching out to their patient base to schedule a vaccination appointment in the coming weeks. They will also be contacting and working with independent providers, and those without a primary care physician, to link them with scheduling a vaccination appointment in the coming weeks. Again, residents should refrain from contacting providers at this time; health systems will be reaching out directly to our 65+ population. Thank you to OSF, UnityPoint, and Heartland for joining us in this endeavor.</p>	Tazewell County, IL (tazewellhealth.org)
Union County		Please see Southern 7 Health Department information below.

Vermillion County Health Department	Yes	Vermillion County Health Department is in phase 1b. Starting January , there will be an online system on Vermillion County Health Department website, that will allow you to schedule an appointment for the vaccine. This will be the only way to register for an appointment.	COVID-19 Vermilion County Health Department (vchd.org)
Wabash County Health Department	No	Wabash County Health Department is wrapping up phase 1A and are awaiting for State approval to move into phase 1B. It is also important for the community to know that not everyone in phase 1B will be vaccinated immediately because of limited allocations of the vaccine to us from the State. Once they are permitted to move into phase 1B, they will notify the public about scheduled clinics via Facebook and the Media. Appointments are required and you must make the first dose appointment and second dose appointment at the time of the first dose.	(2) Wabash County Health Department-Public Health Services Facebook
Warren County	No	Vaccines for 65 and older group are available and limited to Warren County residents at this time. Appointments are required. Call 734-4914 on Monday, January 25, 2021 to make an appointment. They ask that you do not leave a message. There is COVID-19 vaccination clinic on January 27, 2020. Appointment phone is active Monday, January 25, 2021 at 8:00 am.	Warren County IL Health Department Facebook

Washington County Health Department	Yes	COVID VACCINE UPDATE: Washington County Health Department has taken over 1300 names of residents over the age of 65. Phase 1B is a very large group to vaccinate. It includes several occupations as well as those over the age of 65. Our department is working to offer vaccine across several areas in Phase 1B and are trying to get more vaccine to reach our residents sooner. This is going to be a long process, so please be patient as we continue moving forward through this situation. Thank you.	(2) Washington County, IL - Health Department Facebook
Wayne County Health Department	No	Wayne County Health Department will begin vaccinating phase 1b on January 22nd. They will begin with individuals 65+ and individuals involved in education. There will be a drive up clinic at the Workforce Development Center, 2001 Industrial Drive.	Wayne County IL Health Department Facebook
White County		See Egyptian Health Department information	
Whiteside County Health Department	No	At this time, Whiteside county is vaccinating individuals who are a part of the Phase 1a priority group. This includes individuals and volunteers in healthcare settings and residents of Long Term Care facilities. IDPH anticipates vaccination of Priority Group 1b will begin around the middle of February, however individuals should follow local media and our social media for updates.
