## Presentations and Panels Include:

### Leveraging the Power of Connections

#### **Accessing Community Partners:**

*Communities can help support the local manufacturing sector in wide variety of ways. This panel will take a deep dive into role that community partners working along with manufacturers can set up a structure that builds success – short and long term. You'll hear about resources available in your community and how to access them in an intentional way.*

#### **Role of Municipalities in Supporting Regional Efforts:**

*Hear from local leadership new ways they are working with manufacturers proactively, using data-driven methodology and economic incentives to support the manufacturing sector.*

### Building Career Pathways

#### **Internships:**

*We will be learning new ways local schools are actively working with manufacturers to identify career pathways through internships. What must be included to implement a successful program? We will be discussing the framework to set in place that will work to build your talent pipeline.*

#### **Meeting Employees Where They Are - Hiring Individuals with Diverse Backgrounds:**

*Today's tight labor market has illuminated opportunities to expand the way we think about employee recruitment and inclusion. This panel will share concrete ideas to foster a welcoming environment, offer employees useful resources and explore effective Second Chance recruiting methods.*

### Tying it All Together

#### **Tabletop Networking:**

*After the keynote luncheon speaker, we will break into regional groups for a high-energy facilitated conversation to help you build your own local network. You'll end the day with new ideas, connections and an action plan to take back to your company!*

**Your Chance to come away with New Ideas, Connections and Inspiration.**

**Continental Breakfast, Networking and Luncheon**
